How can you reach me?

1) Office: AD 236 2) E-mail: lodens@sautech.edu 3) Phone: 870-574-4548

Prerequisites: None

Textbook Information: Hoffman, Charles (2005). Music for Elementary Classroom Teachers. Waveland Press.

Learning Outcomes: This course helps elementary school classroom teachers learn to incorporate musical activities into the learning environment. By the end of the course students should be able to:

1. Identify the elements of music and describe how they can be used in a music lesson.
2. Identify musical concepts and incorporate them into simple lessons.
3. Discuss various teaching methods: e.g. rote learning, Kodaly, Suzuki, Orff, etc.
4. Demonstrate a simple lesson.
5. Perform simple melodies on the piano or autoharp.

On-Campus Requirement

The final exam must be taken at an approved proctor site. Visit the college website at www.sautech.edu for detailed information.

Modes of Interaction

I really like to form an on-line “community of learners” form of communication between the students and me and between the students themselves. I strive to create and facilitate a “user-friendly” course that translates to your classroom performance as an educator. Here is some information about the required work.

Assignments: In this section, you will find assignments for one lesson per unit. Once you submit an assignment, it will be graded and your grade will be posted.

Projects: In this section, you will find the selections for a variety of projects that will help you develop as future teachers.

Included in these is a practicum of 5 hours in a music classroom, teaching a music enhanced lesson, and learning to play a simple instrument.

Discussion/Journal: In this section, you will occasionally be asked to respond to one topic provided by your instructor. Please use this as a tool for sharing thoughts and opinions regarding educational issues.

Methods of Assessment

Quizzes will be provided for each lesson of the course. You will have a Unit Exam at the end of each unit. You will have a Proctored Final Exam at the end of the course.

Enrollment Procedures

SAU Tech is an open admissions college; however, we have several items that you must provide in order to be admitted:

- Submit application for admission.
- Submit a high school transcript or GED, and official college transcripts from all previously attended colleges (if applicable).
- Provide proof of two immunizations against measles, mumps and rubella.
- Take a placement test. Students enrolling must submit ACT, SAT, ASSET or COMPASS scores. Students can take the ASSET or COMPASS test at SAU Tech.

Students are responsible for all tuition and fees at the time of registration. Students must officially drop by written notice or in person in order to reduce their balance owed. If students never attend class, he/she will still be assessed partial tuition and full student processing fees, unless he/she completely withdraws during the 100% refund period.

In order for a student to drop a class, he/she must complete a drop form or send written request to his/her advisor. A \$10 drop fee is assessed for drops that take place after the registration period ends.

Other Considerations

Prior computer skills are essential for success in an online class. Prior to enrolling in an online class, you should be able to:

- Surf the Internet and download web pages
- E-mail and attach files and know proper e-mail etiquette
- Use Microsoft Word skills and submit papers with correct format, grammar and spelling

All first time online students are required to complete Learning Strategies before they will be allowed to take their online course(s). The purpose of Learning Strategies is to teach students how to use Blackboard and provide information about other systems that students will use while a student at SAU Tech.

There are computer programs and other things that you will need if you are taking an online course from SAU Tech. To make it easier for you, we have compiled a list of these things. Before beginning your online course, you should go ahead and make sure each of these programs listed below are loaded on every computer that you will use while taking your online course(s).
